JPK
TECHNICAL SERVICES

James Palatty founded **JPK TECHNICAL SERVICES** in 2021 to capitalize on the knowledge and experience gained during his 26 years working on various notable and prestigious projects throughout the GCC.

Our Vision

Utilizing our expertise and skills, we strive to implement projects with the highest quality and at the most reasonable cost. We endeavor to complete a variety of different projects to ensure that our clients receive the highest quality service utilizing our experience and knowledge.

Our Mission

We continuously improve accessibility to market opportunities by developing, cultivating, and maintaining long-term relationships with our customers and stakeholders - and by providing services that add value, and drive excellent results.

JPK Technical Services was founded to offer high-quality technical services, civil and MEP works to residential and commercial clients. As a team of skilled and experienced professionals, we can handle all kinds of projects and complete them in a timely manner. A few notable projects in which our professionals have been involved in include:

- Emirates towers (Hotel project)
- DIFC (Gate Project)
- Address Boulevard (Downtown Dubai)
- Dusit Dubai
- Eastern Mangroves Project (Anantara Hotels)
- The Address Beach Resort (Jumeirah Gate Project)
- ONE at Palm, Jumeirah
- Westin Hotel and Golf Resort (Abu Dhabi)
- Marina First Phase Residential Projects
- Green Community Villa Project
- W Hotels (Qatar)
- Al Ain Women's College
- Nikki Beach Hotels
- Residential apartments in Downtown Dubai (Southridge and Phase One residences)
- And various exhibitions, shops and office fit out works

The kitchen is an important part of your house, and one of the biggest investments you will make. To ensure that your new kitchen looks amazing, you need a professional designer, quality products, expert installation, and market-leading project management. JPK Technical Services provide high quality design, supply, and installation of kitchen works. Our experienced staff can accomplish even the most complex projects.

Kitchen Installation

Carpentry Works

JPK Technical Services performs all kinds of carpentry work. We excel in offering high-quality, expert craftsmanship as well as managing building and renovation projects. Our carpenters have experience with all types of building materials, timber, and wood. We can handle a variety of woodwork, door, and floor repairs, as well as complete kitchen and bathroom installations. We work closely with our clients to ensure all projects are completed on time and to a high standard. Carpenters on our team are qualified and experienced and are committed to exceeding client expectations.

Wood Flooring

We at JPK Technical Services take pride in delivering high quality wood flooring services at unbeatable prices. We have professionals who over the years have gained experience in supplying, installing and finishing of quality wood flooring throughout the UAE. We partner with premium suppliers to provide high-quality wood flooring options. We specialize in floor installation and sanding and finishing services that will revitalize your existing floor.

False Ceiling & Partitions

JPK Technical Services provides complete partitions, ceilings and gypsum interior design, along with supply, installation, and finishing services. Gypsum work is extremely popular due to its elegant appearance and architectural benefits. We combine ancient art with modern technology to create our gypsum work. An experienced staff of designers, engineers, and interior decorators can take care of all your gypsum and partition needs. We provide our services throughout the country to various residential properties, commercial buildings, retail outlets, luxurious apartments, and public utility spaces.

Painting Contracting

JPK Technical services is an expert in painting contracting works. We offer a variety of painting services such as villa painting, house painting, apartment painting, etc. With affordable rates, we offer the best quality wall painting services. We are dedicated to making our customers happy. We never compromise on quality. We use high-quality paint and materials in our painting projects. JPK Technical services can help you give your houses, apartments, villas, and any other property a modern and refined look. You can choose from a variety of painting colors to match the color of your property perfectly.

Floors & Wall Tiling Works

There are many reasons to use tiles in your house or office. They add beauty and functionality. From choosing the right tile to designing a custom piece on the wall or floor, the JPK team can do it all. Our choice of materials for your project is equally important as its stunning appearance. We choose from durable porcelain, gorgeous ceramic, timeless marble, and many more to ensure that your design goals are met. We offer you a full range of colors from classic to bright. We also provide a range of shapes that define geometric interest and take your tile design to a whole new level by using hexagons, penny rounds, arabesques, and subway tiles.

We supply and install air conditioning systems for all types of commercial and industrial premises. Our service is guaranteed to be of the highest quality. Our engineers are always ready to help you, and our customer service team is dedicated to answering any questions you may have. Our air conditioning installation technicians are experienced in the industry and will treat your home or business with the utmost care.

HVAC Works

Electrical Works

With our qualified electricians and project managers, JPK Technical services can manage your project for you on time and within budget, if you have tight deadlines and a high standard of finish is assured. Our electrical installation services include lighting control, digital display screens, and audio systems. Our team can assist with extra lighting installations, power and data installations, as well as redesign and improvement of lighting installations, as well as ongoing maintenance and service for existing retail spaces.

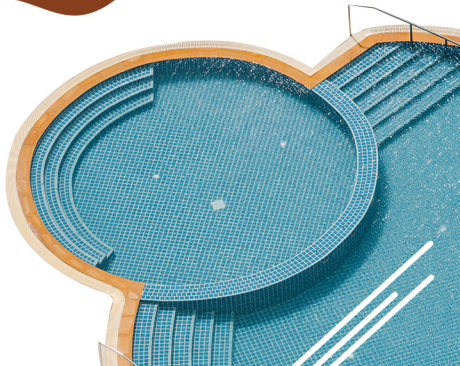

Plumbing & Sanitary Works

We handle all plumbing and drainage work for our clients. As plumbing engineers, we design to influence technologies that are energy-efficient, environmentally friendly, and sustainable. We add value to our clients' needs with high-performance systems that help conserve natural resources as well. We provide valuation services and can suggest alternative solutions. In addition, we provide plumbing and sanitary repairs and their related parts. No matter what kind of application is needed, we have the right material, fitting, and auxiliary equipment. We can also customize our products to meet the specifications of our clients.

Swimming Pool Maintenance

Whether your project involves regular cleanings, repairs or renovations, we handle every aspect of it. In your dream home, we understand that you want to create a place of beauty that will last for a long time. In addition to our pool expertise, we offer all types of pool services under one roof. Developing relationships with customers, contractors, and vendors is an intrinsic part of our work. We provide superior construction quality, meticulous attention to detail, and keep up with the latest design trends and technologies.
